

Petition Increased Funding for the Niagara Health System

NUTS and BOLTS

Please print and sign the following!

The text of the petition is available as a word document. You can print out as many as you would like and have your family, friends, co-workers and persons interested in improving health care in the Niagara region.

Because this petition is going to the Legislature there are a few rules that need to be followed.

- The text of the petition must not be altered either by erasing or crossing out words or by adding words.
- No other matter is to be attached or written on the petition, whether in the form of additional documents, news articles, statements, or requests for support.
- Each petitioner must sign his or her own name directly on the petition and must not sign for anyone else. Names should be signed, not printed. Signatures cannot be attached to a sheet (taped or pasted on) or photocopied onto it.
- The petitioner's address must be written directly on the petition and not pasted on or reproduced. The petitioner may give his or her full home address or the city and province.

When do you need the signatures ?

We need the signatures by the middle of September.

Why not an electronic petition ?

Parliament does not accept electronic petitions. While electronic petitions are far easier to sign, taking the extra time sign a paper petition that meets the requirements of parliament goes further to convincing parliament. There are related electronic petitions:
