

STOP THE PRIVATE HOSPITALS!

PUBLIC MARCH Against P3s

Saturday, APRIL 03, 2004

Nathan Phillips Square

Starts at NOON

- ⇒ The Liberals ran against private hospitals (P3s) in the last election. They opposed the "Americanization" of our health system.
- ⇒ Now, the Liberals are going ahead with P3s in Brampton and Ottawa, and are considering another **seven** P3 hospitals.
- ⇒ Since the advent of Medicare, all of our hospitals have been public. P3s will erode the present health system and services.

Will our future hospitals be controlled by for-profit corporations? **Not if we can help it.**

CONCERNED PATIENTS AND CITIZENS come march against for-profit hospitals through hospital row to finish in front of the legislature. You will be joined by healthcare workers, seniors and community members all fighting against P3s.
