Candidate Survey on Peace and Security June 2004

Candidate's Name: _____ Party: _____

Canada's role in the world is an important election issue for Canadians, many of whom are concerned that Canada risks being drawn into the United States dangerous and provocative foreign policy. Many votes will be determined by which party or candidate will seek out a positive and independent role for Canada in the world.

Please provide an answer to the following questions. Your answers, and those of other candidates in the riding of Nipissing-Timiskaming, will be collated and published in the week prior to the June 28th election.

Canada's Involvement in Ballistic Missile Defence (George Bush's Star Wars)

According to a recent Ipsos-Reid poll, 69% of Canadians are opposed to missile defence. If elected, will you work to ensure that Canada does not participate in the Bush administration's missile defence system?

YES NO UNDECIDED Comment:

Global Terrorism

Do you share the view that global terrorism is fuelled primarily by poverty and injustice and that addressing these root causes of terrorism is the best approach to safeguarding Canada and the world against future acts of terror?

YES NO UNDECIDED Comment:

Canada's Role in the World

Canadians want leadership that has a vision of Canada's role in the world, and within the United Nations. Would you support Canada's re-emergence as a global peacemaker with a renewed commitment to peacekeeping and a substantial increase in foreign aid?

YES NO UNDECIDED Comment:

Canada's Role in Iraq

Do you support the view that Canadian involvement in the reconstruction of Iraq should be contingent upon the return of full sovereignty to the Iraqi people, and an invitation to participate from a new Iraqi government, recognized by the Iraqi people?
